

## A LOVING TRIBUTE TO THE DEAD.

Decoration Day Will be Appropriately Observed in Wheeling by the Veterans.

### THE ORATORS OF THE DAY

Are Gov. Atkinson and Mr. Nesbitt. Company A of National Guard Appears in the Parade.

Under the auspices of the two local posts of the Grand Army of the Republic, there will be an observance of Decoration Day to-day of unusual note comparatively speaking. At the general exercises in the afternoon, at Peninsula cemetery, the oration of the day will be delivered by Governor George W. Atkinson, who arrived in the city last night from Charleston. In the morning, at Mt. Zion cemetery, where exercises will be held under the auspices of Stephens Post No. 53, G. A. R., the oration will be delivered by Mr. Frank W. Nesbitt.

The decoration of the graves of Union veterans buried in the South Side cemeteries will occur this morning by details from E. W. Stephens Post No. 53. The post will meet at the hall, corner of Thirty-sixth and Jacob streets, at 9 o'clock sharp. Details will at once proceed to the Red Men's and Mt. Olivet cemeteries, where the graves of the old soldiers will be decorated, and then the entire post and the public will congregate at Mt. Zion cemetery, where the ritualistic services will be gone through, and the oration of the day delivered by Mr. Frank W. Nesbitt.

The up-town post, Holiday No. 12, will have charge of the decoration of the graves in Mt. Wood, Greenwood, Mt. Calvary, Stone Church and Peninsula. At all but the last named, the details from the post will cover the graves with flowers in the morning. The post will gather as a preliminary to this loving duty, at I. O. O. F. hall, at 9 o'clock this morning.

In the afternoon at 2 o'clock, the members of both Holiday and Stephens posts, together with the Sons of Veterans, Woman's Relief Corps, Ladies of the G. A. R. and other patriotic organizations, will assemble at I. O. O. F. hall. Joined by Company A, First Infantry, National Guard of West Virginia, under command of Captain John P. Glass, the organizations named will march over the following route to Peninsula cemetery, where the public observance of the day occurs: On Twelfth to Market, on Market to Sixteenth, on Sixteenth to McCulloch, on McCulloch to Baker, and on Baker to the cemetery.

At the cemetery, the G. A. R. services will be held over the grave of an old soldier. Then will follow the general services, with the oration by Governor Atkinson, and vocal selections by a quartette composed of A. E. Dunn, first tenor; C. T. Reed, second tenor; J. H. Berghqueste, first bass, and R. H. Parker, second bass. At the conclusion of the services, Company A will fire the salute over the grave. Then will follow the decoration of the graves of other soldiers in Peninsula cemetery.

There are 450 Union soldiers buried in the up-town cemeteries as follows: Peninsula, 150; Mt. Wood, 125; Greenwood, 70; Stone Church, 65; Mt. Calvary, 40. Probably 300 are buried in the cemeteries south of the creek.

Last night the Woman's Relief Corps decorated with flowers and bunting the soldiers' monument on City Building square. Janitor Frank Edels and a force of assistants gave the monument a thorough cleaning yesterday afternoon.

The members of Company A, First Infantry, National Guard of West Virginia, are requested to assemble at the armory at 12:15 sharp. At 12:30 the company will be formed in line and marched to a suitable spot where a large photograph of the company will be taken. The blank cartridges for use at the cemetery this afternoon arrived yesterday afternoon, three rounds for each man. In the event of rain the company will wear ponchos.

### THE RAILROAD ORDINANCE

Went to Its First Reading Yesterday Before the County Board of Commissioners—Comes up Again Next Monday.

Yesterday morning, at a special meeting of the Ohio county board of commissioners, the ordinance authorizing a popular vote on the proposition to issue bonds for \$500,000, in aid of the Uniontown, Waynesburg & West Virginia Railroad Company, went to its first reading, and upon objection by Mr. Fritz, of Ritchie district, goes over to the regular meeting of the board next Monday. Mr. Fritz said he was not against extending aid to the company by the proposed stock subscription, but first he desired that each member of the board might have a copy of the ordinance for close examination of its provisions.

The provisions of the ordinance are as follows: It provides for a bond issue of \$500,000; \$150,000 to be paid over to the railway company when it shall have expended \$450,000 in construction work in Ohio and Marshall counties; \$150,000 when \$300,000 shall have been expended, and the remaining \$50,000 when the company shall have completed a standard gauge railroad from the West Virginia-Pennsylvania state line at or near the south fork of Big Whelshing creek to the corporation line of the city of Wheeling, via Elm Grove, and has trains running and connecting over the line in Pennsylvania to Uniontown. If the work is not started within six months after the date of the subscription to the bonds, or if the road is not finished in three years (unless necessarily delayed by failure upon the part of contractors or by labor troubles), then the board is at liberty to withdraw such part of the county's subscription to its stock as has not been paid. The company to accept the provision of its passage. The bonds are to bear interest at the rate of three and one-half per cent, and to be received by the company at par, unless the board elects to sell the bonds, in which event the subscription will be in cash. The bonds are to be redeemable eleven years after issue and until thirty years, as may be elected by the board. Redemption of bonds shall be determined by lot, and the bonds, of denomination of \$1,000 each, are to be numbered from 1 to 500 inclusive. The date of the election is left blank by the committee, and is to be fixed by the board. The ballots are to be worded, "Subscription" and "No Subscription," or words to that effect.

### ON A SERIOUS CHARGE.

C. W. Currence Taken to Parkersburg for Trial in U. S. Court.

C. W. Currence, the Randolph county man who has been engaging the attention of the authorities in Wheeling and Belmont county, Ohio, for the last few weeks, will be taken to Parkersburg today to appear before the United States court, on the charge of impersonating a postoffice inspector. On this charge he was arrested last month, at Martin's Ferry, and he obtained additional notoriety by attempting suicide at the Martin's Ferry lock-up and later making two similar attempts, at the county jail, at St. Clairsville. He was to have had a hearing at the recent session of the federal court in this city, but in view of his actions he was turned over to Squire Fitzpatrick to conduct an examination as to his sanity.

After an investigation in due form, Currence was declared of unsound mind and he was to have been committed to the Weston asylum, but a letter from Superintendent Stathers received by Squire Fitzpatrick yesterday has changed the trend of affairs. Dr. Stathers stated that Currence was an inmate of the asylum on two previous occasions, being committed after he had committed criminal offenses, and he admitted to the superintendent on the second occasion that he used the insanity dodge to escape punishment. Believing that Currence was trying the same dodge again, the asylum officials refused to admit him.

The superintendent's letter was handed to Commissioner Boyd, who set in motion the wheels that will make Currence face the charge before the United States court for which he was arrested. Currence was a very clever "shammer" at the insanity racket, if he is not insane. In posing as a government post-office inspector he was not so clever.

## WAITING FOR TAP OF THE CENSUS BELL.

Thousands of Enumerators all Over the Country are Ready to Begin Their Work.

### OHIO COUNTY'S THIRTY-SEVEN

Have Their Equipment in Shape, and the Enumeration Will be Finished in Two Weeks.

Friday morning, June 1, day after tomorrow, the taking of the thirteenth national census in the United States will begin, and all over the country thousands of enumerators are ready with their equipments and well grounded in their instructions, awaiting the tapping of Director Marriam's bell. Here in Ohio county there are thirty-seven enumerators, and in the first congressional district 160, whose names were given exclusively in the Intelligencer recently. In Ohio county the work will be under the direction of Special Agent Charles A. Helmbright, a very capable man, and it is assured that the work will be done thoroughly and without any miscarriages in this county. The supervisor for the first congressional district is Hon. Harvey W. Harmer, of Clarksville, who has chosen his enumerators with great care. It is expected that the work will be completed within a fortnight.

Few questions asked by the census office are of more importance than those regarding the place of birth of the individual and his parents. There is no great country which has received so many immigrants and lost so few emigrants as the United States. It is doubtful whether more than 200,000 Americans by birth are living outside of the United States, while the number of persons of foreign birth living in the United States is probably 10,000,000.

In the coming census the enumerators will endeavor to ascertain where each person, and the parents of each person, were born; and, if the person was not born in the United States, in what year he came to this country, the number of years he has been here, whether he has been naturalized or not, and if not, whether he has taken out naturalization papers.

The tables made from the answers to the inquiries respecting birth place show the number and distribution of the foreign-born residents of the United States, the number of them born in each of the great countries, the amount of intermarriage between these foreigners and the natives, the proportion of the foreigners who settle in the cities and those who seek the country, their ability to read and to speak English, and the law-abiding character of the population. It is sometimes said, for instance, that crime is especially common among the foreign population. But this statement can not be supported by the census figures. Few crimes are committed by persons under fifteen years of age, and vast numbers of the natives are under that age and therefore cannot commit crime. When comparison is made between the native prisoners and the natives over fifteen years of age, and the foreign prisoners and the foreign population over fifteen years of age, one finds that the proportion of persons in prison is about 50 per cent greater among the natives than among the foreign-born population.

Another point brought out clearly by the census figures is that immigrants move but a comparatively short distance. The Canadian immigrants live mainly along the Canadian frontier, and the Mexicans mainly along the southern boundary. Thus in 1890 the Canadians were in a plurality among the foreign born in Maine, New Hampshire, Vermont, Michigan, Montana and Washington. The Mexicans, on the contrary, were in the plurality in New Mexico and Arizona. The Germans, now, have spread all over the United States, and were in a plurality among the foreign born in twenty-six states and territories.

To the several foreign-born elements of the population it is a matter of pride and interest to know the number of persons of their nationality in the United States, and their general economic condition. In 1890 there were more than 9,000,000 residents in the United States who were born in foreign countries. Of this number about 30 per cent were born in Germany, 20 per cent in Ireland, and about 10 per cent in Canada and Newfoundland. From 1821 to 1890 the United Kingdom contributed 53 per cent of the total immigration to the United States, and Germany 35 per cent. In the decade 1881 to 1890 the immigrants from the United Kingdom constituted only 25 per cent of the total immigration, this proportion from Germany being slightly less. In the ten years 1861 to 1870 the combined immigration from Austria, Hungary, Russia, Poland and Italy constituted only 1 per cent of the total immigration. In the decade 1881 to 1890 this proportion rose to 17 per cent, and in the nine years 1891-1899 to more than 64 per cent.

The people of the United States are all immigrants or the descendants of immigrants. A proper pride on the part of recent immigrants in the land of their birth, and a reasonable desire to secure that recognition which is due to their numbers and importance, should lead all persons of foreign birth to welcome the census enumerator and to answer his questions willingly and accurately.

Wheeling Park this afternoon—Decorative Day sports.

To-morrow, the firemen, policemen and city officials receive their monthly stipend, amounting in the aggregate to \$4,100.

William Stevenson was fined \$5 and costs by Squire Dunning last evening, on an assault and battery charge, preferred by A. J. Keller.

The ladies of the Second English Lutheran church will give an entertainment this evening, at A. O. U. W. hall, corner of Jacob and Thirty-sixth streets.

Charles Rice, who lives near Triadelphia, was fined \$5 and costs yesterday by Squire Fitzpatrick, on the charge of cruelty to his horse, preferred by Humane Agent Echols.

Thomas Young, a McMechen incorrigible boy, was taken to the county jail at Mountsville, by Humane Agent Echols yesterday, to be later sent to the state reform school.

The council fire committee met last night and opened bids on the re-painting of the engine at the Niagara engine house. Walters & McCluskey were given the contract at their bid of \$35. There were two others.

Austin Megrall, a well known South Side man, had a leg badly injured at the Belmont mill yesterday morning. He is employed as brakeman on the company's dinky engine, and he fell between some cars, the wheels passing over his leg.

Charles B. Cooke, whose appointment as city engineer to succeed A. L. White, resigned, was confirmed by council last Friday night, has assumed the duties of the office. The prediction of his friends that he would make a first class official have been realized most completely.

The Opera House band and orchestra will give a somnambulist concert at Wheeling Park, on the evening of June 5. The orchestra will be augmented for the occasion, and some pleasant surprises are in preparation for those who attend. Dancing in the Casino will follow the close of the concert programme.

Mrs. Terrell, of Martin's Ferry, yesterday complained at police headquarters that she had lost a purse containing \$35, in North Wheeling. Officer Kronewitz was detailed on the case, and soon found a little girl who had picked up the purse, from whom it was recovered. The child was endeavoring to find the owner, when she encountered the officer.

Edward Sharkey, of Portland, Ore., formerly of Wheeling, writing to his friend, City Receiver Alex. H. Forgy, states that he received from Mr. Forgy a special delivery letter recently, that was only ninety-nine hours in the journey from Wheeling. Portland. Shades of "four-ninety" then! Then a transatlantic misadventure required only five or six months.

The committee of the Spanish-American Soldiers' Association, consisting of William Freudenberger, of the Second West Virginia Volunteers; James McCracken, of the First Illinois Volunteers, and John Taylor, of the Eighth Ohio, went to Richmond today, to place a flag and wreath of flowers on the grave of Charles Wagner, of Company F, Third Missouri. The wreath was a handsome one, designed by a florist of this city, and bore the inscription, "U. S. V., 1898."—Steubenville Herald-Star.

While crossing the Wheeling Railway Company's tracks at the corner of Forty-seventh and Jacob streets, yesterday afternoon, Mrs. Adam Tichle, of the Eighth ward, was struck by a south-bound car, which she failed to notice, knocking her back several feet and bruising her head, but no bones were broken.

Humane Agent Echols will go to Wellsburg tomorrow, with Laura Taylor, to enter proceedings against William Lafave, of that town. The latter is an aged man and he will be charged with a serious offense, committed on the girl on the occasion of her visit to that town, when she left her home, accompanied by a four-year old daughter of Mrs. Ella Crawford, of North Wheeling, and for which she was charged with abduction.

Along the Landing.

The marks at 6 p. m. Tuesday showed 3 feet 4 inches and stationary. Weather, warm and raining.

The Keystone State passed down yesterday morning, with a fine trip out of the upper river. Yesterday's heavy rain will, it is believed, bring the river up to a fair boating stage, insuring continuance of navigation for some time. If the rise amounts to anything, it will insure three things: the trip of the Democrat to Parkersburg on the Urania, the launching of the new City of Wheeling at Clarington, and the releasing of the large excursion steamer Francis J. Torrence from the Muskungum at Marietta.

### Pittsburgh River News.

PITTSBURGH, May 29.—A story was sent out from Louisville that Captain August Jutte, of the firm of C. Jutte & Co., had been in Jeffersonville, Ind., for several days, getting bids from Captain Edward Howard, for the construction of seven steamboats and one hundred coalboats, it being his intention to enter the coal business in opposition to the river combination. At the office of C. Jutte & Co. it was stated that the story was without foundation.

Captain Jutte, it was stated, had not been out of Pittsburgh, and that he did not intend to enter the coal business on the river. It was thought by some that in the case in which he is interested and which is to be built between Uniontown and Wheeling, would load coal at Wheeling. It was stated that the loading of coal at Wheeling for shipment south had been tried many times, but it did not pay.

Rains fell at many up-river points during the night, the heaviest precipitation being at Parker's Landing, on the Allegheny, the precipitation there amounting to 1.25 inches. No rise is reported from that place yet. Rain began falling at Pittsburgh shortly before noon and the indications for a steady downpour at that hour were very good. It will take a considerable rainfall to bring the Ohio river up to a navigable stage, as it has reached the lowest point of the season.

## Society.

Elaborate preparations are being made for the closing concert of the Woman's Musical Club, tending toward making it the finest yet given by this organization. The Opera House has been engaged for next Monday evening, and every lover of music is cordially invited and asked to encourage with an interested presence this organization which has been the great stimulus in Musical Wheeling. The many studios, now in successful standing here, are due to its promotion, though it is to be regretted that these are not all represented by some of their numerous clientele on the roster of the club. The young ladies composing the choral department are recognized as the "sight-readers" of the city, and their skillful training in ensemble by Mrs. Flora Williams, whose detection of an "off-the-key" voice, is unsurpassed, has brought the concerted work to the place now where it is always one of the very enjoyable features of every concert. The big vocal work Monday will be "The Hesperus," Brewer's magnificent work, with Miss Annie E. Pelley in the solo part. The instrumental numbers of the night will be played by Mrs. Nellie Warren Holloway and Miss Grace Polack, accompanied on second piano by Mrs. Frank LeMoyné Hupp. Mrs. Flora Williams, Mrs. Herbert M. Riheladter, and Miss Margaret Harvey will be the vocal soloists, while other selections will be concerted work by chosen voices especially capable. The programme in full will be published later. Reserved seat sale opens at the Opera House box office Friday morning.

The Highland Golf Club will entertain at its links, at Highland Park, this afternoon. The ladies of the club will keep open house, and at 1:30 o'clock there will be an eighteen-hole contest, open to members of the club of whom the following will participate: James B. Taney, W. R. White, A. G. Hubbard, A. R. Campbell, Jr., Harry Geo. Charles Bates, W. J. Bates, Jr., C. R. Campbell, George Mack and Earl Adams.

To-morrow is the annual donation day at the West Virginia Home for Aged and Friendless Women. An invitation to visit the home is cordially extended by the managers to the friends of the institution whose generosity in the past has made it possible to carry on this good work so effectively. Any useful household article will be thankfully received, but the following are especially needed at this time: bleached and unbleached muslin, table and towel linen, bedspreads, pins, needles, scissors and cooking utensils. A pianola and phonograph have been kindly loaned for the occasion by Mr. W. A. Milligan, of the F. W. Baumer Co., for which the managers are especially grateful. A fine musical programme will be rendered during the evening. Hours from 3 o'clock to 5 in the afternoon and 7 to 10 in the evening. Ice cream and cake will be served.

### An Old Wheeling Pastor.

The following from the Pittsburgh Commercial Gazette of yesterday will interest the friends of Rev. Dr. George F. Hite, who was formerly pastor of North Street, Zane Street and Chapline Street M. E. churches in this city: Rev. George F. Hite, D. D., of Albany, N. Y., will arrive in Pittsburgh Thursday evening at 6 o'clock, and will at once take charge of the Butler Street Methodist Episcopal church, of which he has been chosen pastor, as exclusively stated in the Commercial Gazette. A reception will be held at the church parlors that evening, when the new pastor will be formally welcomed. Rev. Dr. Hite was pastor for five years of the Trinity church at Albany, N. Y. Rev. A. H. Lucas, D. D., the retiring pastor of the Butler street church, who succeeds Dr. Hite as pastor of Trinity church at Albany, will be present at the reception Thursday evening, and will leave at 10 o'clock that night for Albany to preach his first sermon next Sunday morning.

### Presidential Nominations.

WASHINGTON, D. C., May 29.—The President to-day sent the following nominations to the senate: Brigadier General Elwell S. Otis, U. S. A., to be major general, June 16, 1900. Vice Merritt, to be retired on that date. Court of private land claims—Joseph R. Reed, of Iowa, to be chief justice. To be associate justices—Thomas C. Fuller, of North Carolina; William M. Murray, of Tennessee; Henry C. Sluss, of Kansas; Wilbur F. Stone, of Colorado. Thomas H. Norton, of Ohio, to be consul at Harput, Turkey.

A Tribute From Simpson M. E. Church.

Whereas, Our Heavenly Father gave to the world Mr. H. K. List over two generations ago, and has allowed him to stay here all of his appointed time. Whereas, On Monday morning, May 29, 1900, his Heavenly Father said to him, Come home; and while we bow in humble submission to the call of Him, and say, let Thy will be done, yet we feel that it is in place for us to say that we, as a church, have lost one of our stay. Mr. List was with us in our organization, and he has been our adviser and aid in all our struggles for thirty years, and one of his last acts during his late illness was to donate to our church two hundred dollars as a twentieth century offering through his pastor, Rev. Dr. Rooy; therefore, Resolved, That we have lost a patriotic philanthropist and Christian gentleman. Resolved, That we cherish in our hearts, practice in our lives and to perform in our acts the examples left us by this noble man. Resolved, That the family have our
